### Air Quality Index Map (airnow.gov) – California Environmental Protection Agency (Cal EPA)

The California Air Resources Board (CARB) continues to host smoke monitoring coordination calls with the affected air district and air quality agencies. CARB has 31 air monitors deployed throughout the state to support local air quality agencies. CARB will continue to develop plans and schedule air monitoring deployments as needs and resources are identified.

- Based on the PM<sub>2.5</sub> and ozone Air Quality Index (AQI) reported, a large fraction of the South Coast, San Joaquin Valley, San Francisco Bay Area, and Sacramento Valley had air quality primarily either unhealthy or unhealthy for sensitive groups, with some areas in the lower central valley experiencing very unhealthy air quality.
